6 Picks for Ultimate Growth

Motley Fool co-founder David Gardner recommended America Online in '94... Amazon in '97... Intuitive Surgical in '05.

Had you invested \$1k in AOL you'd have \$42,727 now. \$1k in Amazon would be \$23,471. \$1k in Intuitive Surgical would already be \$4,553.

Today, David reveals his top investment ideas in his "6 Picks for Ultimate Growth" report.

Receiving the awards at the function, Sharad Agarwal, CEO of Cyber Gear stated, "We are honored to receive so many awards in recognition of the quality of web projects implemented by Cyber Gear. This is a direct result of the high standards set by our entire team of web designers and programmers and we will continue to raise the bar by pioneering 'Best Practices' for the Internet industry."

About Pan Arab Web Awards

The spread of digital literacy is increasing in the Middle East as more than 2 billion of the region's 6.5 billion inhabitants have access to the Internet. As a result, many more businesses are

transferring their operations online and using websites as a platform to launch, advertise and conduct their business. Pan Arab Web Awards recognizes excellence in web design and helps promote the Internet industry in the region. The Pan Arab Web Awards are supported by Dubai Internet City, Business Software Alliance (BSA) and Microsoft.
